Stalin Factory

1. The Stalin Factory (ЭЛЕКТРО-МЕХАНИЧЕСКИЙ ЗАВОД ИМ. СТАЛИНА)
[See USAF Mosaic of Kharkov 02349995-5-25 MA Prov. The Stalin Factory which is
indicated as #34 on the map] began about 1932 to manufacture engines for sub-
marines. The plant employed 10-15 thousand workers. When the Soviets retreated
in March 1942, they burned the interior of the building but the outside was
intact. The factory was built by a Belgian firm about 1905-06. There have
been additions to the plant since its original construction.

Serp I Mollett

2. The Serp I Mollett Factory (Серп-Моном) consisted of two shops in the early
1930's. One division manufactured farm machinery. The second shop had a
small foundry and produced bases for grinding machines. [redacted]
artillery shells being produced in this plant. They appeared to be 150 mm
and about 75 mm. [The Serp I Mollett Plant is indicated on the map as #32]

Kharkov Bicycle Factory

3. The Kharkov Bicycle Factory (ХАРЬКОВСКИЙ ВЕЛОСИПЕДНЫЙ ЗАВОД) manufactured
bicycles, and [redacted] began to produce motorcycles. [The
Kharkov Bicycle Works is indicated on the map as #31.]

Komintern Locomotive Works

4. The Komintern Locomotive Works at Kharkov (ХАРЬКОВСКИЙ ПАРОВОЗСТРОИТЕЛЬНЫЙ
ЗАВОД КОММУНИСТЕРНА) produced only eight or ten locomotives per month
during the period of approx 1929-34. The bulk of the production was devoted
to tractors and tanks. The factory employed 40-50 thousand workers. Approx-
imately 8,200 Komunir type tractors were produced per month. They also manu-
factured prime movers for artillery. Buildings in the southeastern corner of

the plant were built in 1929-30 and produced 70-80 tanks per month. The Locomotive Works was the largest factory in Kharkov. Production was on a 24 hour basis, with shifts of seven am- four pm; four pm - twelve pm; and twelve pm - seven am. All factories in the Kharkov area were suppliers of the Komintern Locomotive Works. The BT tank, the predecessor of the T-34, was built in this plant approx in about the mid 1930's. [redacted] other tank factories at Chelyabinsk and the Putrolowckay Factory at Leningrad which produced the T-34. The Kharkov Locomotive Works - Komintern is indicated on the map as #30.7
